

JNOM postponed to year 2022

We regret to inform that, due to the current and foreseeable Covid-19 related restrictions for border entry in Finland, and the strict prevailing requirements for quarantine periods, multiple Covid test requirements and the limitations for public gatherings, organization authority HSK has decided to postpone the JNOM by one year to July 2022.

After a thorough consulting with the Finnish officials, it has been confirmed that there still is a big uncertainty related to possibilities for entering Finland as a traveller without a critical reason. It has turned out to be impossible to invite Nordic youth sailors and their supporting teams to HSK and hold an international event in Helsinki this summer. We wish for mutual understanding to our final decision and we would like to wish you a warm welcome to Helsinki next year.

Helsingfors Segelklubb, HSK
